1.

```
var Restaurant = function(name) {
      this.rname = name;
};

// EITHER

Restaurant.prototype.cooksFood = function() {
      console.log(this.rname + ' cooks awesome food!');
};

// OR

Restaurant.prototype = {
      constructor: Restaurant,
      cooksFood: function() {
            console.log(this.rname + ' cooks awesome food!');
      }
};
```

2.

```
$('#benihana-locations').on('click', 'li', function() {
      console.log($(this).text());
      // OR
      console.log($(this).html());
      // OR
      console.log(this.innerHTML);
});
```

3.

```
$('#benihana-locations li')
      .addClass('inactive')
      .eq(0)
      .removeClass('inactive')
      .addClass('active')

// OR

$('#benihana-locations li')
      .addClass('inactive')
      .first()
      .removeClass('inactive')
      .addClass('active')

// OR

$('#benihana-locations')
      .children()
```

```
.addClass('inactive')
.eq(0)
.removeClass('inactive')
.addClass('active')
```
